

Under the professional guidance of Roger & Pat de la Harpe (www.rogerandpatdelaharpe.com), join other keen photographers at Baines' River Camp and learn how to get the most out of your camera gear and your own creativity. Combining land and water based shoots in one of Africa's last remaining true wilderness areas, photographic opportunities await you around every corner whilst the Baines Boardroom offers the ideal venue for editing, image analyses and theory discussions. Whether a novice or an established photographer, each participant will go home with new skills, great photographic memories and new friends.

Rates: USD 3,170 per participant

Dates: 2016: 05 – 09 August 2016

1. **Rates include:** 4 nights' accommodation in an Explorer Suite at Baines' River Camp on a sharing basis, all meals, workshop under professional guidance of Roger & Pat de la Harpe, return flight Lusaka/Baines/Lusaka on a scheduled flight (inclusive of all taxes and fees), all safari activities, Lower Zambezi National Park entry fees, Community and Conservation Levies, daily laundry service, limited wireless internet connectivity, all statutory taxes and charges.
2. **Rates exclude:** Beverages, private use of game drive vehicles, boats or other facilities at the camp, spa treatments, angling tackle, transfers other than specified under 1 above, purchases of a personal nature.

5. **Terms & Conditions:** Each workshop is limited to 5 participants. These packages cannot be combined with other special offers or discounted rates. Please see our *General Terms & Conditions* for full details.

Meet your expert hosts:

Roger & Pat de la Harpe

With 27th coffee table books to their names, award winning photographers Roger and Pat share a passion for conservation, natural history, wild places and indigenous cultures. Both have a superb knowledge of African wildlife and their habitat, partly due to Roger's days as a ranger for the Natal Parks Board in South Africa, Pat's extensive research and their many expeditions into remote areas of the African continent. They make a formidable team on their photographic workshops which are aimed at improving your skills behind the lens and having lots of fun.
